Mrs. Eckis Stevenson of Salt Lake City Tells How Operations For Ovarian Troubles May Be Avoided.

"DEAR MRS. PINKHAM:—I suffered with inflammation of the ovaries and womb for over six years, enduring aches and pains which none can dream of but those who have had the same experience.

MRS. ECKIS STEVENSON.
I received hundreds of dollars went to the doctor and the druggist. I was simply a walking medicine chest and a physical wreck. My sister residing in Ohio wrote me that she had been cured of womb trouble by using Lydia E. Pinkham's Vegetable Compound, and advised me to try it. I then discontinued all other medicines and gave my Vegetable Compound a thorough trial. Within four weeks nearly all pain had left me; I rarely had headaches, and my nerves were in a much better condition, and I was cured in three months, and this avoided a terrible surgical operation. —Mrs. ECKIS STEVENSON, 250 So. State St., Salt Lake City, Utah.—\$5000 forfeit if above testimonial is not genuine.

Remember every woman is cordially invited to write to Mrs. Pinkham if there is anything about her symptoms she does not understand. Mrs. Pinkham's address is Lynn, Mass.

GETTING IN LINE

The Cuban Reciprocity Bill Stands a Better Show of Remaining Intact.

THE CRUCIAL STAGE

It is Now Felt That the Measure Will Not Be Weighed Down With Undesirable Amendments.

Head and Front of the Opposition Has Agreed to Abide By Chair's Rulings.

Washington, April 16.—As a result of the consideration by the cabinet yesterday of the charges of cruel treatment of Filipinos by United States soldiers, Secretary Root has instructed General Chaffee by cable to report on the matter of the alleged evidence given in the Waller courtmartial to the effect that General Jacob H. Smith had instructed Major Waller to "burn and kill," and that if such testimony was given and the facts can be established, to place General Smith on trial by courtmartial. General Chaffee is instructed also concerning the testimony given before the senate committee on Philippine affairs to the effect that the form of torture known as the "water cure" was administered to the president of the town of Igbarras, Iloilo province, Island of Panay, by a detachment of the 18th Infantry under command of Lieutenant Arthur L. Conger, under orders of Major Edwin F. Glenn, then captain in the 25th Infantry, and that Captain and Assistant Surgeon Palmer Lyon, at that time a contract surgeon, was present to assist them and that the officers named or such of them as are found to be responsible for the act will be tried therefor by courtmartial.

Secretary Root concludes his long cable of instructions as follows: "As the two years allowed for the prosecution by the statute of limitations is nearly at an end, no time is to be lost. You will take such course in advancing or postponing the investigations previously ordered into the conduct of General Smith and Maj. Glenn as shall be required to enable you to execute these instructions. It is believed the violations of law and humanity, of which these cases, if true, are examples, will prove to be few and occasional and not to characterize the conduct of the army generally in the Philippines; but the fact that any such acts of cruelty and barbarity appear to have been done indicates the necessity of a most thorough, searching and exhaustive investigation in the general charges preferred by Governor Gardner and you will spare no effort, in the investigation already ordered under these charges, to uncover every such case which may have occurred and bring the offenders to justice. The president desires to know in the fullest and most circumstantial manner all the facts, nothing being concealed, and no man being for any reason favored or shielded. For the very reason that the president intends to back up the army in the heartiest fashion in every lawful and legitimate method of doing its work, he also intends to see that the most rigorous care is exercised to detect and prevent any cruelty or brutality, and that the men who are guilty thereof are punished. Great as the provocation has been in dealing with foes who habitually resort to treachery, murder and torture against our men, nothing can justify or will be held to justify, the use of torture or inhuman conduct of any kind on the part of the American army."

Amalgamated Convention.
Wheeling, W. Va., April 16.—The 27th annual convention of the Amalgamated Association of Iron, Steel and Tin Workers is in session here. The city's welcome to the 250 delegates was voiced by Mayor Sweeney and the responses were by President Schaffer and other officials. The wage scale committee continues its sessions daily and will not accomplish its task for nearly a week. It is believed that the committee will endorse the scale agreements made by the general officials with the American Tin Plate, American Sheet Steel, American Hoop and Republic Steel and Iron companies.

Charge of Bigamy.
Wabash, Ind., April 16.—Dr. F. D. Wilson, for many years a physician at Bippus, northeast of here, is under arrest on the charge of bigamy. It is said that he left his wife after living with her two years, and she went to Huntington to live. Later Dr. Wilson went to Rensselaer and is charged with having married a young woman there. His first wife caused his arrest.

A Disappointed Playwright.
Vienna, April 16.—Antonin Benneberg, a well known author and dramatist, committed suicide here yesterday afternoon by shooting herself with a revolver. She was disappointed at the failure of three of her plays which were produced at the Deutsche Volks theater last Saturday.

Deadly Gas.
New York, April 16.—Four persons were found dead last night in the living apartments of Esther Kohen, a widow living on Third avenue. They had been killed by inhaling the fumes of illuminating gas.

NOT SMOOTH SAILING

A Hitch Is Reported In South African Peace Negotiations.

London, April 16.—It is understood that a serious hitch has occurred in the peace negotiations in South Africa. The cabinet council has decided to refuse a strongly worded request from the Boer leaders at Pretoria for an armistice pending the negotiations. This alone is not likely to cause the Boers to withdraw from the conference, but what threatens to stop the negotiations is the fact that the government declines to place the later Cape rebels upon the same footing as the burghers with respect to amnesty, and is not inclined to withdraw the banishment proclamation. These features are regarded by the Boers as two cardinal points in the irreducible minimum of terms which Lord Milner went to Pretoria to ascertain and in return for which the Boers agree to the loss of independence and grant surrender.

Good Times For Editors.

Hot Springs, Ark., April 16.—The National Editorial association today settled down to business. The citizens have arranged an elaborate program of entertainment for the visitors. Dances will be given at the leading hotels in honor of the editors and their ladies, and tickets for carriage drives over the mountains and about the city to be taken at their convenience, will be issued to all delegates. Tomorrow afternoon will be editors' day at the horse show.

Decision Deferred.

Washington, April 16.—The executive council of the American Federation of Labor yesterday continued the hearing of the three-cornered fight between the bery workers' national union and the International Union of Steam Engineers and the International Brotherhood of Stationary Firemen, and then deferred a decision.

Miners' Fearful Fall.

Chihuahua, Mex., April 16.—A dispatch received in this city says that while a stage was being lowered into the Concho mine shaft, the cable broke and the nine occupants fell more than 200 feet. Five of the men were killed outright and the other four are believed to be fatally injured. All were Mexicans.

Plans of Chinese Rebels.

Hong Kong, April 16.—A report has reached here that the rebels in Kwang Si province intend to seize three provinces in southern China, namely Yun Nan, Kwang Si, and Kwang Tung, and establish an independent government.

Moody's Father Dying.

Haverhill, Mass., April 16.—William H. Moody, the newly appointed secretary of the navy, has been called to the bedside of his father, Henry Moody, who is dying at his home here.

A Name Twice Made Famous, Now a Shining Mark for Imitators.

The name "Chase," twice made famous, is a shining mark for the unscrupulous to point upon and appropriate in order to foist upon the public their worthless preparations. These birds of prey, by using the name Chase, expect the public to be fooled into believing they are the medicines of Dr. A. W. Chase, who first became noted as the author of the world famous Dr. Chase's Recipe Book and family physician, and whose fame is now doubly increased by the wonderful success of his Nerve Pills, with Nerve, Brain and Blood troubles. They play upon the name Chase, but dare not use the initials "A. W."

They imitate, but dare not counterfeit the portrait and signature of Dr. A. W. Chase, which identifies the Nerve Pills now recognized as infallible for building up pale, weak, thin-blooded, nerve exhausted sufferers.

Who are nerve-tired and brain-weary. Who are easily exhausted. Who are wakeful—cannot sleep. Who have nervous headache. They remove the cause of blood impurities, securing refreshing sleep and impart strength.

They build up people who find their strength and vigor waning. They settle irritated nerves, replace languor and lassitude with energy and animation. Cure Nervous Dyspepsia.

CAUTION.—The protection to the public in securing the genuine and original Dr. A. W. Chase preparation is in seeing the portrait and signature of A. W. Chase, M. D., on each box. These and these only are the genuine. Do not be satisfied with anything bearing the name "Chase" without the initials A. W. W. Chase, of Druggists or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

Secretary Root Issues a Sweeping Order to Gen. Chaffee.

MORE COURTMARTIALS

Gen. Smith's Alleged "Burn and Kill" Order to Major Waller Is Going to Be Investigated.

Allegations of Cruelty Against Maj. Glenn and Others Will Also Be Looked Into.

Washington, April 16.—With the close of the Cuban reciprocity debate in the house yesterday the leaders announced that all dangers of the bill being weighted down with undesirable amendments was over, and that they felt sure the bill would pass in the shape in which it came from the committee. As the bill in its present form is sure to command three-fourths of the vote of each side of the house, its passage was certain if it successfully passed the stage when amendments could be offered. The only cause of anxiety heretofore has been the possibility that enough Republicans would join with the Democrats to overthrow the chair and tack onto the bill an amendment to abolish the differential on refined sugar. All the energies of the leaders have been directed, therefore, to bring pressure to bear on the recalcitrant Republicans to induce them from aiding this plan, and last evening, at the close of the session of the house, it was announced that the entire Republican delegation from Michigan and California, who constituted the head and front of the opposition, had agreed not to try to override the ruling of the chair. Mr. Watson of Indiana, who is acting as the whip for the majority, does not believe over a dozen of the Republicans on the outside will join the Democrats on the proposition. It would require more than 20 Republican votes to place on the bill the amendment which might endanger its ultimate passage as several Democrats. It is understood, also have declared their intention to stand by the ruling of the chair. An unsuccessful effort was made again yesterday by Mr. Payne to secure an agreement to limit the general debate. When the house adjourned for the day there remained 35 members who desire to speak.

DOWN TO A VOTE

All Over But the Finish In Chinese Exclusion Bill.

Washington, April 16.—The debate on the Chinese exclusion bill was practically concluded yesterday and voting on the bill and amendments began at 1 o'clock today. By general consent a vote was taken yesterday on two important amendments offered by Mr. Fairbanks of Indiana, striking out the definition as to Chinese students and teachers, and they were agreed to without division. These changes were made with a view to reconciling some of the opposition to the measure, which has been directed against the rigid restrictions on students and teachers and the unnecessary inconvenience this would impose on the educated Chinese classes coming to this country. The debate was participated in by Senators Heitfeld of Idaho, Penrose of Pennsylvania and Turner of Washington, in favor of the bill, and Senator Pritchard of North Carolina and Spooner of Wisconsin in opposition.

Mr. Turner made the assertion that politics had crept into the discussion and that most of the members of the majority were opposed to the bill. This brought out a sharp rejoinder from Mr. Spooner, who maintained that politics had not figured in the discussion and that the opposition to the present bill was due entirely to its conflict with the treaty and not because of any opposition to Chinese exclusion, which was an established doctrine of the government.

Killed His Niece

Henrietta, L. T., April 16.—W. H. Means, a farmer, formerly of Lexington, Mo., Monday night shot and killed his niece, Miss Lydia E. Means, 30 years old, with whom he had become infatuated. The murder was only learned when Means surrendered yesterday. The body was found in a cottage where the couple had lived together. Means had shot her twice with a shotgun, once through the head and once through the body.

The Widow Implicated.

Pittsburg, April 16.—Later developments in the Layton murder case have resulted in the arrest of Mrs. McWilliams (who was the widow of Layton) and her husband, John McWilliams. The McWilliams couple and Byers, the confessed murderer, were subjected to a further "sweating" process, the result being that all three are in jail charged with the murder of August Layton nearly a year ago.

More Boats Taken

London, April 16.—The following dispatch dated Pretoria, April 15, has been received at the war office from Lord Kitchener: "Bruce Hamilton's columns arrived at the Standerton line last night, having taken 148 Boers, including killed and wounded, during the movement from the Middelburg line."

CAPITAL JOTTINGS

Items of Interest By Our Indianapolis Correspondent.

Indianapolis, April 16.—The convention advance guard is beginning to arrive. Some of the candidates have been here every day for nearly two weeks. A few are still in the "out-counties," but they will all be here by tomorrow or the following day. Headquarters will be opened to the "faithful" by Saturday night, and nearly all the candidates will observe the Sabbath trying to "do" his neighbor's plans—that is if the neighbor is an opposing candidate. The advance guard brings the information that hundreds of Republicans will begin to arrive here as early as Sunday for the convention frolic. The "main show," however, will not be before Monday. The hotel and clubhouse corridors last night and today looked as if the convention was but 24 hours instead of just a week ahead. The candidates evidently realize that the crucial time is at hand, as some of them begin to look nervous. The old timers, who always appear at the last hour to "fix things," say that the real work is now beginning and that some of the men who think they are sure winners may be dumped before the convention begins. This indeed would not be surprising to anyone who knows a thing about politics, as the average delegate is as capricious almost as a giddy girl-graduate. But the tide of opinion now seems to be that either Sherrick or Martin will lead for auditor, with Doran as a strong factor, that Hill or Millikan will be nominated for treasurer, that Miller of Goshen is going to win the race for attorney general, that "Bob" Brown's chances are best for supreme clerk, and that Fassett Cotton will walk away with the nomination for superintendent of public instruction. However, it would be well to remember that there is "many a slip 'twixt the cup and the lip" in politics as well as in love or war. It is true that the men whose names are mentioned here are apparently in the lead, but the fight is by now means over. The indications are that Sherrick is stronger than he was a week ago, as the circulation of an anonymous circular evidently aimed at him has operated in his favor, but Martin's friends are also confident that their candidate is growing in favor. Then Doran seems to have a more compact following than he did some time ago, so he is not to be counted out. An effort may be made it is said to organize the following of the other candidates for attorney general against Miller, but he will have more votes to trade than either of his opponents, so anyone who beats him will know he has been in a horse-race.

"SI" Powell of Logansport, who has managed to be elected an "itor twice in Cass county on the Republican ticket, was here "as night with R. C. Hillis, candidate for superintendent of public instruction. Hillis is the youngest candidate in the field, but he has earned the reputation of being a hustler. If Cotton is not nominated it is generally believed that Hillis will be. Powell and other old-timers from the Eleventh district are taking an interest in his candidacy. Powell says Cass county will have a good crowd of "rooters" here to work for Hillis, and that they have strong hopes of nominating him.

The Probs rather than the Populists have a tendency to whiskers. The Pops in the most Populistic days never had as many men in their ranks who were adorned with long hirsute appendages. It would be conservative to say that eight out of every ten Probs here wore whiskers of some style. They indeed have the Pops and all other fusionists beaten on the whiskers proposition. The Probs closed their state convention today, nominating a complete ticket with a candidate for congress in each district. The attendance was large and unusual enthusiasm was displayed.

After all, the McKinley Monument association may get the amount it started in to raise. A few weeks ago it looked as if interest had entirely died out and the men at the head of the movement had almost given up hope, but now the money is coming in rapidly and it looks as if the \$25,000 originally desired may be raised. The plan of assessing each county so much in being tried successfully, and this week three or four thousand dollars contributions have been received. Allen county, for instance, has this week given \$8,000.

Law Has Been Tested.
Winchester, Ind., April 16.—The law passed by the legislature to enable Union City to make a special tax levy, the money to be used to encourage business enterprises, has been tested in the courts. Judge Macy, who heard the suit, holds that the law is all right, as special legislation, but it is unconstitutional because it provides a tax for the promotion of private interests. He has, therefore, enjoined the defendants in the suit from placing the tax on the duplicate.

National Elks' Home.

Roanoke, Va., April 16.—It is announced that the Benevolent and Protective Order of Elks has purchased the Hotel Bedford at Bedford City and will convert the building into a national Elks' home. Bedford City is on the Norfolk & Western railway, between Roanoke and Lynchburg. The sum paid for the place is said to have been \$11,000.

THE PRISON CHARGES

Several Witnesses Yet to Be Examined But Evidence In Now Practically All In.

Conflicting Evidence Gives Both Sides to the Controversy Chance to Be Heard.

Michigan City, Ind., April 16.—There are a few minor witnesses to be examined in the investigation of the prison scandal. These, it is believed, will not materially change the evidence. It is understood that the finding of the board will state that convict testimony has supported the charges of Dr. Horne that Deputy Warden Barnard and Guards Neville, Bowlin and Webster have used foul language to prisoners, have struck them, and have compelled sick men to work in the contract rooms. Convict testimony and testimony of the prison chaplain, Ex-Warden Shideler, Dr. Martin and Dr. Warren and of the accused contradicts the Horne evidence. No charges have been made against Warden Reid or against the prison board of control upon which evidence has been introduced. Dr. Horne is no longer a prison official and therefore the charges against him of taking commissions from a vaccine virus firm while prison physician can only properly be considered by a grand jury, although at a subsequent investigation the charity board men may consider the matter.

BIG TRACTION PLAN

Indianapolis Northern Company Will Connect Many Cities.

Indianapolis, April 16.—The Indianapolis Northern Traction company, an outgrowth and a part of the Union Traction company system, has filed articles of incorporation with a capitalization of \$3,500,000. The directors are Charles A. Baldwin, William H. Bloss, Albert C. Carpenter, Henry Moore, Albert S. Richey, Arthur W. Brady and Charles Berry, all of whom are connected with the Union Traction company in some capacity. The object of the new organization as declared by its articles is to build an electric line connecting Logansport, Kokomo, Peru, Tipton, Elwood, Marion, Muncie, Anderson, Noblesville, Walton, Bunker Hill, Atlanta, Cicero, Frankton, Sheridan, Westfield, Carmel and Broad Ripple. The line will pass through the counties of Cass, Miami, Howard, Tipton, Madison, Grant, Delaware, Hamilton and Marion, to the city of Indianapolis. There will also be a line from Anderson to Middletown, in Henry county.

Newspaper Burned Out.

Frankfort, Ind., April 16.—The building of the Frankfort Crescent, one of the leading daily newspapers of this section of the state, was completely destroyed by fire yesterday. Other occupants of the building, known as the Dorner Block, were smoked out. It is thought the fire started from a defective insulation of an electric light wire. The Dorner Block was a two-story brick and insured for \$10,000. The damage to the building will not exceed \$1,000, while the loss of the Crescent will probably be \$5,000.

He Is Coming Home.

Elwood, Ind., April 16.—Avery O. Banion, a young man of this city, who left home a year ago to see something of the country, writes his relatives that he would sail April 1 from Natal, South Africa, for home. He has been employed in the hospital department of the British army, and gives it as his opinion that the army will have years of fighting before it conquers the Boers. O'Banion says there is nothing for a young man to do in South Africa unless he wishes to connect himself with the army.

Stolen Shoes Recovered.

Greensburg, Ind., April 16.—Sixty-eight boxes of fine shoes, stolen from a Big Four freight car, have been recovered from a farmer's barn, where they were concealed, and Frank Myers and Charles Russell have been arrested. They tried to sell some of the

ALL RECORDS BROKEN

Wall Street Has a Day of Strenuous Activity.

New York, April 16.—Wall street passed through one of its most exciting and sensational periods yesterday. The Louisville & Nashville situation, which had hung menacingly over the district for a week or more, was cleared by the undisputed statement that John W. Gates and his associates had wrested control of the property from the Belmont people and were in absolute possession. Accompanying this statement, which had been discounted the day before, was one that the Gates faction had selected J. P. Morgan & Co. to settle the differences between the contending interests.

While these events were happening a movement without parallel in the history of the stock exchange was on in Southern railway. Trading in Southern railway common set in on a tremendous scale and at one time interest centered almost entirely in that stock. In the first half hour fully 200,000 shares of Southern railway common changed hands. By the end of the first hour transactions in this stock alone reached a total of over 350,000 shares. By noon considerably more than half a million shares had changed hands.

Dealings fell off after that to some extent, but the records for the number of shares of a single stock sold in one hour, in two hours and in one day's trading were all shattered as a result of Southern railway's performance. The total sales for the day reached a total of 864,500 shares. The total outstanding stock of the company is 1,200,000 shares.

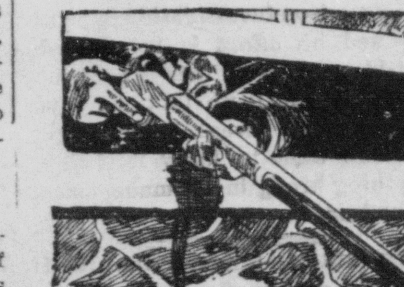

On April 24, 1901, there were 662,800 shares of Union Pacific sold on the New York stock exchange during the struggle between the Morgan and Harman interests which culminated in the May panic. That record was broken yesterday. President Spencer of the Southern says that road has no interest in the purchase of the Louisville & Nashville.

Chicago Finds Marble.

Chicago, April 16.—Buried deep beneath the clay on the farm attached to the Bridewell or municipal house of correction for petty criminals, deposits of fine marble, said to be valuable enough to pay off the bonded debt of Chicago, were discovered yesterday by Superintendent Sloan. The deposit lies fully 100 feet beneath the surface.

Rathbone's Case.

Havana, April 16.—The court has not yet decided to accept the bond of the Fidelity company for the appearance of Rathbone. If this bond is not accepted, counsel for Rathbone will probably apply for a writ of habeas corpus.

Of the assassin may be more sudden, but it is not more sure than the dire punishment meted out to the man who abuses his stomach. No man is stronger than his stomach. When the stomach is diseased the whole body is weakened. Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It cures diseases of other organs when it cures the diseases of the stomach, on which the several organs depend for nutrition and vitality.

"I would say in regard to your medicines that I have been greatly benefited by them," writes Mr. J. S. Bell of Leando, Van Buren Co., Ia. "I was at one time as I thought almost at death's door. I was confined to my house and day after day I was taking gallons of medicine, but it only fed the disease; but I must say that 'Golden Medical Discovery' has cured me, and today I am stronger than I have been for twenty years. I am now forty-three years old. Have taken in all twenty-nine bottles of 'Golden Medical Discovery,' besides two or three dozen vials of Dr. Pierce's Pellets, but now I take no medicine."

The probabilities are that the Cuban reciprocity bill will be passed by the lower house of congress within a week or ten days.

The republican city ticket is now complete and it is a winner. Let every republican go to work for the election of the entire ticket.

The fact that bank deposits have increased over \$700,000,000 during the last five years is eloquent testimony of the growing prosperity of the country.

WE TRUST that our good friend Rev. I. C. Overman, who has been nominated for congress on the prohibition ticket, will not be disappointed if he is not elected.

JOE SHEA wrote an extended editorial upon his pet law suit for the Democrat yesterday. It has been said that a good lawyer tries his case in court. Some others do not.

BOB BINDER is scarcely saying a word. The bosses have just left him to fight the battle alone. They refused even to furnish him a running mate. No wonder he is so discouraged. He is lonesome.

The prison investigation is proceeding and no effort is being made to shield any one. This is as it should be for it is the truth that the investigation should reveal. The people of Indiana want to know if there is anything wrong in the management of the prison.

AN INDIANA farmer, who received a liberal supply of garden seed from Washington, forwarded by Senator Fairbanks, writes the senator expressing his thanks for the seed sent him, but adds that he needs a mule and harness and a double-shovel plow which he would be pleased to have the government forward to him at once.

George Huber told the REPUBLICAN this morning as he started out campaigning with ten cents worth of three-for-a-nickel cigars that he was just going to sweep things. But by the time Will Hustedt and Amazona Montgomery got through with him we miss our guess if George does not need "dusting off" himself.

The state administration is to be congratulated over the allowance of Indiana's war claim, amounting to nearly \$650,000. This is a matter of great importance to the people of the state and credit is due the republicans who have persisted until the claim has been allowed. The republican party has made a glorious record in Indiana since the late Governor Mount was elected in 1896. The finances of the state are in splendid shape.

POLITICAL GOSSIP.

At the prohibition conference and convention at Indianapolis Rev. I. C. Overman, pastor of the Ebenezer Baptist church, was nominated as a candidate for congress in the Fourth district. In the organization of the convention Frank H. Hadley, of Seymour, was made a member of the committee on rules.

James DeGolyer and H. E. McDonald are the republican candidates for council in the Third ward and their names will go on the ballot by petition. Messrs. DeGolyer and McDonald are men eminently fitted for the duties of councilmen. Mr. DeGolyer has been one of the representatives of the Third ward in the council for eight years and has performed his duties faithfully and well. Mr. McDonald is a successful business man and a loyal, progressive and influential citizen. Re-elect Mr. DeGolyer and with him elect Mr. McDonald and the Third ward will be ably represented in the council.

VISIT the site of the new furniture factory and you will witness activity there that will please you. That will be a great building when it is done and the factory when in operation will be one of Seymour's most valuable industries.

The city election is less than three weeks off. Republicans should be active from now on until the polls close. Every man on the Republican ticket should be elected by a safe majority. They are all worthy of earnest and hearty support.

Two of the democratic candidates were heard discussing Wesner's efficiency as city chairman and one of them remarked that if Wesner was no better qualified for city judge than for chairman of the city committee he was mighty poor material for office. They agreed that Wesner was looking after no ones interest but his own and if he didn't do better the other candidates ought to get together and demand another campaign leader.

COMMENCEMENT AT MEDORA.

Successful Closing of Carr Township Schools.

For the SEYMOUR REPUBLICAN.

On last Friday evening the regular annual commencement exercises of the Medora high school and eighth year graduates of Carr township were held at the K. of P. hall. The hall was filled to its full capacity and some were turned away after the seats were sold. The music was furnished by Johnson's orchestra of Seymour. Every one spoke in terms of highest praise of the excellent music. Any interested person cannot make a mistake by employing these gentlemen to furnish music for such an occasion. The order was good and the speakers acquitted themselves well. The stage presented a beautiful appearance and everything worked together to make the evening an enjoyable one by all who were present.

After the graduates had marched in to music an invocation was offered by Rev. N. P. Franz.

The first speaker, Stanley Starr, discussed "Success—True and False," in a dignified manner and with perfect command of his voice.

Miss Bertha Elliott, the second speaker, discussed the life and work of "Irving" in a way which interested and showed knowledge of the subject.

"Birds As Our Friends" was the subject discussed by Miss Anna Fitzgibbon. She handled her subject admirably and gained the well merited applause of the large audience. All are satisfied that Miss Anna is a friend of the birds.

Miss Jessie Zollman, with dignified command of her voice, with coolness and deliberateness, discussed the subject "Self Reliance."

"Robert Browning" was the subject of a well prepared oration by Miss Jessie Thompson. Her delivery was good and her thoughts were but true praise of the great poet.

Miss Daisy Ribelin discussed the subject "A Plea for Smiles" in a very pleasant and convincing way. Her forceful thoughts brought conviction to all.

"Nothing" was the subject of a very interesting talk by Harvey Lee. He discussed both male and female nothing, putting force and thought into his words. He commanded the attention and the applause of the audience in the masterly way of presenting his thoughts.

Miss Rella Goss in a well prepared and lengthy oration presented the "Monroe Doctrine." She handled her subject well. Her thoughts were well arranged and forcefully presented.

Raymond Rucker, a high school graduate talked on "Wireless Telegraphy." His thoughts were to the point and presented in such a way that commanded the closest attention and interest of the audience.

The last speaker of the evening was Harry Hamilton, of the high school, on the subject, "Prince Henry's Visit, Cause and Results." He had perfect command of his voice, was cool and dignified in his delivery, commanded good attention and did justice to the Prince, who has been interested in us for the sake of better friendship.

Supt. J. E. Payne in a short and appropriate address to each class presented the diplomas.

The attention and order of the evening was very commendable and the orations did credit to both graduates and teachers.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists, price 75c per bottle. Hall's Family Pills are the best.

We sat at the table together.

She cast a shy glance over at me. She certainly looked like an angle. Oh Charley! Please order me Rocky Mountain Tea. Ask your druggist.

A Gentle Hint.

In our styles of climate, with its sudden changes of temperature,—rain, wind and sunshine often intermingled in a single day,—it is no wonder that our children, friends and relatives are so frequently taken from us by neglected colds, half the deaths resulting directly from this cause. A bottle of Boschee's German Syrup kept about home for immediate use will prevent serious sickness, a large doctor's bill, and perhaps death, by the use of three or four doses. For curing Consumption, Hemorrhages, Pneumonia, Severe Coughs, Croup, or any disease of the Throat or Lungs, its success is simply wonderful, as your druggist will tell you. Get a sample bottle from The Peter Drug Co. Regular size, 75 cts. Get Green's Special Almanac.

"KEEP YOUR EYES OPEN."

For you can't see if you don't," remarked a child the other day. Some people can't see anyway because they have not had their eyes properly attended to. Give us a trial at testing your eyes and fitting glasses and we guarantee that you WILL see.

REPAIRS On all kinds of jewelry, clocks, watches, rings, bracelets, etc., promptly and carefully made by our experienced workman, Mr. Jackson. Prices are right on all our goods and work. Call and see our goods.

A WORLD WIDE VICTORY.

The recent victories of the house of Baldwin at the Paris Exposition give to its products a value and prestige not possessed by any other American piano. The grand Prix awarded the Baldwin Piano is an honor coveted by all the manufacturers of the world, but which has never been bestowed upon any American piano except the Baldwin. The Silver Medal awarded the Hamilton pianos and organs shows the estimate of the International Jury of these Standard Instruments. The fifteen other awards [gold, silver and bronze medals, and honorable mentions], serve to emphasize the Great one, and show the high value placed upon the details of construction and the inventions embodied in these instruments.

Beauty is Health.

Walnut Lake, Ark., June 8, 1900.

I thank you for the benefit I received from your advice and the Wine of Cardui I took in my terrible condition. My life was no pleasure to me at all and I was of no use to anybody. After receiving your advice and medicine I commenced taking it and began immediately to improve. The pains left me and the menses, which came at the correct time, continued three days. I have gained strength and my weight has increased. My husband says the medicine has made me better looking than ever before.

Mrs. LIZZIE MANNELL

Womanly health means bright eyes, rosy cheeks, clear complexion and elasticity of form. This is the youth unmeasured by years—the beauty of perfect womanhood. Beautiful women are happier and get more out of life than their sisters whose faces indicate suffering. Wine of Cardui made Mrs. Mannell "better looking" and infinitely happier because it cured her of those terrible pains. But she is no exception.

WINE OF CARDUI

is giving thousands of women health, beauty and freedom from the dragging pains which made their lives so miserable. And emaciated forms are the results of suffering. What suffering can compare with the torture of irregular menstruation, leucorrhoea and falling of the womb! Beauty flees quickly before the ravages of such disease. The sharp pains of falling of the womb deepen the crow tracks in the face. Menstrual irregularities rob the eye of its fire and the complexion of its transparency. Leucorrhoea drains the body of its strength, but Wine of Cardui restores the natural beauty, brightens the eye, clears the complexion, rounds out the figure and brings back the vigor of health. Every druggist in this city handles \$1.00 bottles of Wine of Cardui.

FUNERAL OF TALMAGE

Impressive Services Over Body of Late "Prince of the Pulpit."

Washington, April 16.—Funeral services were held at the Church of the Covenant yesterday afternoon over the body of the Rev. T. DeWitt Talmage. The large church was crowded to the doors. The funeral ceremony began at 4 o'clock and occupied considerably over an hour. The Rev. Dr. Tammis S. Hamlin, pastor of the Church of the Covenant, and the Rev. Drs. Thomas Chalmers Easton of this city, S. J. Nicolls and James Demarest, both of Brooklyn, officiated. The floral offerings were numerous, mostly of lilies of the valley and white roses, including a wreath sent from the White House by President and Mrs. Roosevelt. The members of the stricken family occupied pews on the right, while across the aisle from them were the following honorary pall-bearers: Justices Harlan and Brewer of the United States supreme court; Senators Cullom, Illinois; Burrows, Michigan, and Dooliver, Iowa; Representative William Alden Smith, Michigan; ex-Secretary of State John W. Foster; the Rev. Drs. Louis Klopfch of New York, and Bittlinger and Fiske of this city; Dr. G. L. Macrauder of this city; E. H. Branch and F. M. Lawrence, lifelong Brooklyn friends of the dead minister, and B. H. Warner of this city.

The casket remained in the church until late last evening, when it was placed in a special car attached to the Pennsylvania railroad train leaving here for New York at 12:10 o'clock a. m. The remains will be interred today at Greenwood cemetery in Brooklyn after services conducted by the Rev. Dr. Howard Sudam of Rhinebeck, N. Y.

A Disappointed Girl.

Sullivan, Ind., April 16.—Rosa Bayles, 20 years old, daughter of Amos Bayles, a farmer near Fairbanks, hanged herself in her father's barn with a halter strap. Her sweetheart, Ernest Clark, who recently returned from military service in Cuba, was to have married her, but the wedding did not occur. Later he told her his parents objected, and agreed to elope with her. Two hours later the girl was dead.

The Latest Fraud.

Richmond, Ind., April 16.—A number of women have reported to the police that they believe they have been swindled by a smooth stranger within the past few weeks. The man represented himself as the agent of a Chicago concern that was selling dress patterns cheap. Orders were taken for the garments and the money collected in advance. As yet none of the local purchasers have received their dresses.

A Serious Situation.

Brussels, April 16.—The government has firmly declined to yield on the question of revision, and unless King Leopold should override the ministry there seems to be nothing to prevent the development of a serious situation.
